

TECHNICAL DATASHEET:

Product	B - 131 V. Blue
Viscosity (cps) at 20° C \pm 1000 cps	12875
pH \pm 1.0	6.70
Surface Tension in mN/m	>35
Density \pm 0.03g/cm ³	1.11
Starting	Excellent
Tropical Climate control	Yes
Color Intensity	Excellent
Shelf life*	2 Year
Suitable Tips mm	0.6/0.7

Note : *=Shelf life of ink depends on storage conditions and depends on its assembly as well as type and quality of accessories used for the refill making.

FEATURES:

- Above ink complies to the requirement of ASTM-D-4236 & European Standard of Heavy metal, EN-71-3.
- These information is based on our standard test & Tips. Independent testing with customer's tips recommended.
